

ABCRYL®

Abcryl® is the Ampa Plastics brand name for acrylic-capped ABS.

It is manufactured by co-extruding ABS with a layer of PMMA (acrylic) to create a material that combines the impact strength of ABS with the glossy finish and scratch-resistant exterior of PMMA.

Stock availability

COLOUR, FINISH & SHEET SIZE		SHEET THICKNESS (mm)
(sheet size: length x width in mm)		3.0
ABCRYL®		
BLACK	(2500 x 1250)	●

STOCK IS SUBJECT TO AVAILABILITY. NON-STANDARD SIZES, THICKNESSES AND COLOURS CAN BE MANUFACTURED ON MINIMUM ORDER.

Key features of Abcryl®

- Excellent impact strength and rigidity
- Strong at low temperatures
- UV resistant (if tinted acrylic is used and/or the ABS is UV stabilised)
- Highly weatherable
- Easy to thermoform and machine
- Easy to paint and glue
- Has a durable, high-gloss finish
- Can be used in outdoor applications

Applications of Abcryl®

- Sanitaryware (extensively used for bathtubs, basins, showers and steam rooms)
- Appliances (eg lamp casings and trays)
- Signage
- Automotive parts and transport (eg door and roof interior panels, window frames, motorcycle shells, luggage shells)
